These charges do not include the medical examiner's fee, any other cash advance (other than the crematory fee), dressing, bathing, preparation or the use of the facility for viewing or visitation, public or private.

In Virginia, the fee charged by the medical examiner's office for cremation approval is \$100; in Washington, D.C. it is \$75, Maryland does not levy a charge. The family room at the crematory may be available with a minimum of 24 hours' notice for a family's viewing of the commencement of the cremation for \$495. For the return of cremated remains within 36 hours of the time of arrangement or conclusion of visitation/viewing/identification or service with the body present, please add \$250 in addition to any special transportation arrangements that you may request.

As of the date of this document, legal requirements mandate that cremation may only be authorized by the next of kin, legal designee or personal representative/executor after appointment.

To protect the health of our families and employees, in-person identifications are for identification purposes only and are not intended to serve as visitations or viewings. To minimize exposure, in-person identifications are limited to a maximum of two family members for fifteen minutes.

For sanitation reasons and to comply with state regulations, Rapp requires refrigeration for those whose burial or cremation cannot be accomplished within 48 hours of the time the transfer from the place of death or other facility is made. Refrigeration will be charged at \$75/day or portion thereof.

Certain funeral services may be provided off-premises by other funeral service providers.
